Schroeder

Call to order and Introductions

Mittelstaedt called the meeting to order at 2:32 p.m.

Discussion and Possible Action: Review Minutes from January 14, 2020 Meeting

Motion by Kupczyk, seconded by Levno to approve January 14, 2020 minutes as presented. Motion passed.

Review Program Report

Levno states the programs are taking with referrals and moving forward with intakes. ACCS census has been around 65-67 participants and BCCS census is staying around 21 participants. Christopher Beirl was hired as a BCCS Service Facilitator. There is still an open position for a BCCS Service Facilitator. WITC and Northland College interns will be working with ACCS fall of 2020. We are in the contracting process with WI Family Ties for certified parent peer support services. Reviewed programs response and service provision since mid-March around COVID-19 issues. Most services provided by phone or audio/video internet platform such as Zoom.

Children Services

Levno stated due to safety of Covid-19, most things we provide we cannot do. Telehealth being used frequently, teens/adolescence doing really well with this, younger children struggling with sitting still longer than 15 minutes. Williams wonders what actions will be taken with schooling this year. Levno informs that DPI sent memos to all schools regarding recommendations and a few options on how to run the school.

New Business

2019 Quality Assurance Reports were reviewed. The Ashland report had pages missing. The corrected handout will be emailed to committee members and posted on the Ashland County website.

Opportunity for Public Comment (Limit 3 minutes)

None.

Other (Informational Items)

None.
